

‘I’m just one person ...  
What can I do to help my community?’

## Operation Round-Up - the power of ONE

Operation Round-Up is a Jackson Energy program that gives individuals like yourself the opportunity to improve their community. It is people helping people - people like you providing a small contribution each month that will fund grants for civic organizations, volunteer fire departments and many other groups.

### How does it work?

Operation Round-Up is funded by Jackson Energy members who voluntarily choose to round up their electric bill to the next highest dollar amount. The extra money, which will be about 50¢ a month, is applied to Operation Round-Up. For example, if your total bill is \$74.62, your bill would be rounded up to \$75 and the extra 38¢ would go to Operation Round-Up.

### How is the money administered?

Operation Round-Up is governed by a seven-member Board of Trustees who represent the seven primary counties served by Jackson Energy. The trustees operate independently from the Jackson Energy Cooperative Board of Directors. The trustees receive and evaluate grant applications on a bi-monthly basis.

### Who can apply?

Anyone who has a worthwhile community project can apply, but the project must demonstrate a clear benefit to the local community. Some projects might include life safety and rescue equipment for local fire departments, handicapped equipment or facilities or improvements to community services.

By signing this form, you can become active, and along with hundreds of your friends and neighbors across the Jackson Energy service area, you can use the power of one to make a difference.

## O.peration Round-Up N.eeds E.veryone - the power of ONE

I would like to participate in Jackson Energy Cooperative's Operation Round-Up by allowing my electric bill to be rounded to an even dollar amount each month.
